The Health Science Educator

Winter 2022

About NCHSE

NCHSE, the authority for health science education, provides collaborative relationships to enhance and positively impact the lives of students interested in health professions.

NCHSE advances the framework of health science education. The mission is to provide leadership and professional development for health science education through collaboration among education, publishers and resource providers, healthcare industry, and professional organizations.

Health Science Educators Association (HSEA) Member Benefits

Exclusive classroom resources: lesson plans, PPTs, activities, projects and assessments items shared through a Google Drive

Professional Development:

- National Health Science Conference
- Wednesday Webinars

Direct access to a community of classroom teachers (1200+) and health science state leaders (33)

Free Facebook Group: 1.4 K members

Point of influence with NCHSE partners: 22 publishers and educational resource providers

Quarterly newsletters

Health science education programs accomplishments and challenges

Member discounts on NCHSE resources
member discounts: Health Science Enhancements and Work-based Learning Guide

Participation in NCHSE special projects

Leadership opportunities through services as HSEA officers and special committees

NCHSE CORE VALUES

Networking and Collaboration | Career Development | Health Science Framework
Standards for Quality | Education for Future Health Professionals

Wednesday Webinars

Date / Time	Title	Presenter(s)	Register
January 19 4:00 – 5:00 PM (ET)	Breathe Easy!	Ellen Katzowitz Erika James National Health Science Presenters	Register
Description	Enhance your students understanding of respiratory function. Hear about the duties, salaries, job outlook etc. for respiratory therapists. Learn how to easily build a spirometer in class and explain how to perform spirometry and peak flow. Ellen and Erika will show a new concept allowing students to learn anatomy Hang(er) (Wolman!)		
February 9 4:00 – 5:00 PM (ET)	Cricut in the Health Science Classroom	Linda Wirt, National Health Science Presenter	Register
Description	Looking for a creative way to enhance your program, organize your classroom or make money for your school? Come discover the Cricut cutting system and what it can do to help your health science program. Enjoy an introduction to Cricut along with where you can get one, what you can do with it to enhance your lessons, student engagement and preparation for HOSA competitive events.		
February 23 4:00 – 5:00 PM (ET)	Igniting the Spark in Career Exploration	Lissa Bartie, Health Science Teacher	Register
Description	One of the most rewarding parts of being a health science teacher is to see your students make the connection to their future, earn a certification, and choose a career path. I have created an all-encompassing, engaging, and student driven project that allows for students to explore their "why" along with career passions, and dreams. Students will learn about health career pathways and do extensive research on up to three (3) careers. This research
