

2025 National Health Science Conference
Pre-Conference Session Tuesday, October 28
Starla's Hands-On Body Systems
Common Diseases that Make Us Sick!

Four hours of fun ***“pocket lessons”***—take away lessons to use right away with your students that they can build, examine, eat, and understand and recall the ‘domino effect’ of simple pathology.

Cardiovascular System

- “It’s Electric!”
- “She’s a Killer!”
- “Raspberry Jelly and Needles!”

Respiratory System

- Asthma vs COPD
- “History Repeats Itself!”

Nervous System

- “No Room for You!”
- “The Dam Broke!”

Immune System

- “Oh Nooooo! We Overreacted!”
- “Where Did Our military Go?”

Gastrointestinal System

- “Looks Like Coffee Grounds to Me!”
- Rice Crispy Treats vs. Nesle Crunch
- “What the Elderly Fear the Most!”
- “The Deadly Squirts!”

Reproductive System

- “I’m Allergic to My Husband!”
- “Looks Like Chocolate to Me!”
- “A Lump Here, a Lump There, Oh Noooo...a Lump Everywhere! Why? Because Females Get Most of the Wear-n-Tear!”
